CMS-10379 Rate Increase Disclosure and Review Reporting Requirements

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an

existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Revision of a previously approved information collection; *Title of Information Collection:* Rate Increase Disclosure and Review Reporting Requirements; *Use:* 45 CFR part 154 implements the annual review of unreasonable increases in premiums for health insurance coverage called for by section 2794. The regulation established a rate review program to ensure that all rate increases that meet or exceed an established threshold are reviewed by a state or the Centers for Medicare and Medicaid Services (CMS) to determine whether the rate increases are unreasonable. Accordingly, issuers offering non-grandfathered health insurance coverage in the individual and/or small group markets are required to submit Rate Filing Justifications to CMS. Section 154.103 exempts grandfathered health plan coverage as defined in 45 CFR 147.140, excepted benefits as described in section 2791(c) of the PHS Act and student health insurance coverage, as defined in §147.145, from Federal rate review requirements.

The Rate Filing Justification consists of three parts. All issuers must continue to submit a Uniform Rate Review Template (URRT) (Part I of the Rate Filing Justification) for all single risk pool plans. Section 154.200(a)(1) establishes a 15 percent federal default threshold for reasonableness review. Issuers that submit a rate filing that includes a plan that meets or exceeds the threshold must include a written description justifying the rate increase, also known as the consumer justification narrative (Part II of the Rate Filing Justification). We note that the threshold set by CMS constitutes a minimum standard and most states currently employ stricter rate review standards and may continue to do so. Issuers offering a QHP or any single risk pool submission containing a rate increase of any size must continue to submit an actuarial memorandum (Part III of the Rate Filing Justification). *Form Number:* CMS-10379 (OMB control number: 0938-1141); *Frequency:* Annually; *Affected Public:* Private Sector; Businesses

or other for-profits, Not-for-profit institutions; *Number of Respondents*: 626; *Total Annual Responses*: 820; *Total Annual Hours*: 17,788. (For policy questions regarding this collection contact Lisa Cuzzo at 410-786-1746.)
